

The Holme Church of England Primary School

It's a real pleasure to be writing again for the parish magazine and to feel so connected to our wonderful community. We're incredibly grateful for the continued support shown to Holme School, and I'd like to extend a heartfelt thank you to everyone who took part in the recent quiz nights at The Crown. Thanks to your generosity and enthusiasm, you raised an amazing £450 towards our school library refurbishment project which is making a real difference to our children's learning environment.

As we look ahead, we're actively seeking new members to join our local committee. This is a vital role in helping shape the strategy and governance of the school, and we'd love to hear from anyone interested in contributing their time and expertise. We're also looking for volunteers to support the school in a variety of ways—whether it's hearing children read, helping with arithmetic practice, or sharing other skills and passions. Every contribution helps enrich our pupils' experience. We're excited to be hosting our school open days on November 18th and 25th, and warmly invite families and community members to come along. These are a great opportunity to meet our dedicated team, explore our fantastic facilities, and hear about our plans for the future. We still have a few spaces available in some year groups, so if you're considering Holme School for your child, now is a great time to visit.

A reminder to families that applications for the September 2026 intake must be submitted by January 15th, 2026. We encourage you to attend an open day to learn more about what we offer and how you can be part of our journey.

As the seasons change, we're embracing the autumnal spirit and already making plans for the months ahead. There's a real sense of energy and optimism at Holme School, and we're proud to be growing together with the support of our local community. I can't quite believe that next time I write we will be approaching Christmas. I'm looking forward to telling you about the joy that time of year brings to a Primary School.

Campbell McArthur, Headteacher
